

first performance: june 17th, 2026. performers: harrison adams and nathan chamberlain

1, Amerigo

repeats with variations until disintegrates. slow walking pace

(Break) text:

amerigo(vespucci), etymology:

amatric - work ruler (from german)

or heimrich - home ruler (from german)

or imre/emerick - a hungarian saint

the common syllable is "ric" from the german for "rule"

descendants include the german "reich"

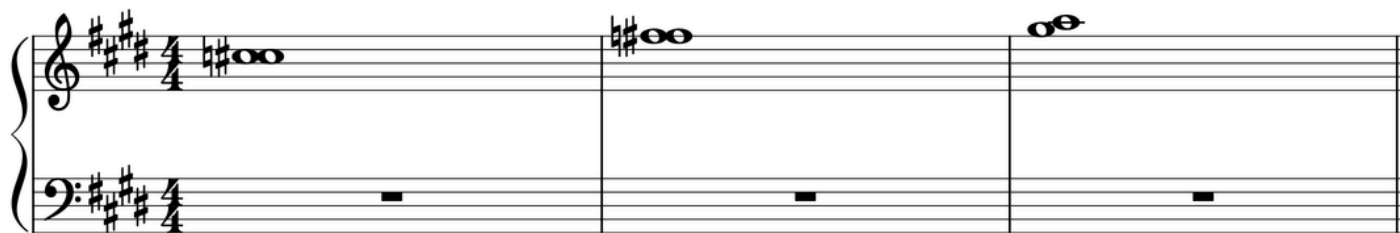

the french "riche", the spanish "rica", the english "rich"

2, Ame-

3, Interlude

melodies formed from these half-step intervals

for example, this melody; but also, any series of these intervals, played as chords, trills, or alternations across the half-step; transposed amongst any of the higher octaves; and optionally against a slow-moving figure in a lower octave

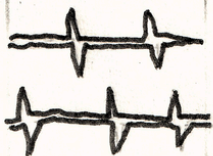

4, Ric Rich Rica Riche Reich

-ric

~rich~

reich

5, Amerrique

break, text:

amerrique (mountains), etymology:

a theory dating from 1875 claims that the name of the Amerrique Mountain range in Nicaragua predates colonization, making it a possible source for the name America.

"amerigo / amerrique"
